Considering myself something of a pussy expert, I'd like to commend you on always having a fine selection of it in the pages of your mag. Some letters in the past ask for more ladies with hair down there. Well, here's my two cents: bald is beautiful. Hair just gets in the way, don't those fuzzy snatch addicts get that? Perhaps they are the enlightened losers who don't partake of eating out the woman. I know better. And so are the women who choose to eat out other women. Keep the bald beavers cumming!

On It For the Long Ride

Few things in life are such a turn on as a sexy girl riding a sexy motorcycle. And if she's naked on it, look out, you're in for a long ride. Be sure to give them both enough time to cool off before you restart revving their engines. The bike may need a kick start or two, but a woman needs a longer, softer start. Whatever you do, be sure neither one runs out of gas or you'll be standing by the side of the road with a limp rod in your hands!

August All Year Long

Just saw your issue with August and I want to tell her: You are by far the most gorgeous woman I have ever seen. You are so exotic and special, I'm so glad that you chose to do adult photos and videos so that I might enjoy grabbing my dick while looking at pictures of you showing off every last inch of your amazing body. I am sure you hear this all the time, but I want to tell you that I can't stop thinking about you. And I fantasize about what it would be like to be inside of you and have your perfect mouth on my dick. My name is Ayden and I felt an instant attraction towards you even before I got a full eyeful of your amazing beauty. BTW, you have the most delicious ass hole I have ever seen. I hope that you will be exposing yourself for a long, long time.

– Ayden, Baltimore

Vanessa's a Big Turn On

Just a note to thank all of you folks for coming to my rescue was every issue. I'm a senior citizen living alone and love to masturbate. About a year ago I suffered a stroke that left me with difficulty getting an erection. My doctor prescribed a medication, so I tried several girlie magazines and the only one that consistently enables me to get up and off more than once a day is yours. The others seem to get boring after cumming once or twice. One issue in particular has been really long-lasting in its effect on me. It's the latest one in which you introduced me to two of the most exciting new starlets that I've seen in many months: Angelica Lee and Emma Heart. They don't come any hotter than those two. Angelica, for example, makes my toes curl every time I cum over her. And Emma has better tits than most of those in the specialized big boobs magazines. There's no need to publish this. It's a personal thank you, and I'm sure your readers couldn't care less about an old fogey with an erec-

My pussy is better than that newspaper!

Andy exudes sexuality from every pore. You look at her down on her hands and knees or wearing only his tie, there's no mystery about what she wants. She wants you to snuggle up behind her and sick your cock in and fuck away while spanking her beautiful ass. If you can't do that, then go hide your cock in shame. She says that she likes her man honest, hard and willing to fuck her every and any hour of the day.

PUT ON THAT SMOKING JACKET YOU HAVE STUFFED AWAY IN THE BACK OF YOUR CLOSET, PULL OUT THAT VINTAGE SMOKING PIPE OF YOUR DAD'S AND KICK BACK IN YOUR FAVORITE RECLINER AND ENJOY A READ LIKE THE DAYS BEFORE THE INTERNET, NOTHING IS MORE EXCITING THAN TIME ALONE WITH YOUR IMAGINATION.

I think I'm delirious because I'm finding myself in a hospital bed, in what must not be my Man Cave. I struggle to look down and see an IV in my arm and a bunch of bandages all over what I can see of my body. There's a remote control device next to me, one of those that can call for a nurse — or it controls the TV. But still, I have no idea what I did to get here. I'm convinced it's a dream.

I decide to press the remote's button to see what would happen, and a nurse comes into the room a few minutes later. She says, "Hi there, can I help you?" I ask her, "Where am I? What happened to me?" The nurse comes over, fiddles with the machine I'm hooked up to and stands over me at the foot of the bed. She reaches for the clipboard with my charts on it and reading from it,

"Young man, your at the University Medical Center, just off campus. You were in an automobile accident. You have a concussion, lacerations and internal bleeding. Looks like you may be here for a while, so settle back and we'll be taking care of you soon."

I look around and see a clock reading two am. Not knowing what to say next, I blurt out, "What's a pretty thing like you doing at a place like this at this hour?" She giggles and says, "I'm your night nurse, Ramona, and I'm here to comfort people like you in their time of need. So, young man, is there anything more I can do?" Not knowing how to respond, I say jokingly, "How about a little kiss?" She smiles, then leans forward and presses her lips on mine. I'm dumbfounded. I wasn't expecting her to do anything.

The best I could hope for was for her to walk away and not report me. When she leans back, I say, "Nice, I didn't think you'd do it." She replies, "Studies show that patients who get stimulated heal faster. So if I can help make you heal faster, I'm glad to help." Emboldened, I grab her hand saying, "Well, do you wanna heam some more?" She smiles and nods, then leans forward and kisses me again. I kiss back and her tongue finds it's way into my mouth. My hand weaves it's way behind her and cups a buttcheek, pulling her a little closer. I find her waist band. I slide my hand into her pants and begin massaging her butt.

Ramona pulls my hand out. She straightens up and smiles whispering, "I'd like to fuck you, but not tonight. You need to heal. So no hands under my clothes. You can feel from outside. Now back to our healing process." Suddenly her beeper goes off spoiling the mood. She gives me one last quick kiss before putting my chart back and running out the door. I look around the room for a few minutes and realize I have to accept my situation. I try to remember the car crash, but nothing is coming. I decide to just kick back and try to get some more sleep.

Morning rolls around when Ramona comes into my room. She sits on the bed, then flops down and lays next to me, laying her head on my shoulder. She says, "Sorry about running off. They needed every available nurse in the ER. But the chaos is over and I'm off now." I wrap my arm around her and say," You look exhausted Ramona." She cuddles into me and says, "Totally. I'm too tired to even drive home. I don't wanna go back to that empty apartment right now anyway. Can I just sleep in here until my next shift?" I nod and she smiles, then kisses me and goes to sleep on me. I turn on the TV and let it lull me back to sleep. too.

An hour later the door opens loudly to the doctor walking in. He looks at the two of us and says, "Nurse Ramona, this is not a hotel room!" She quickly stands up and says, "No doctor. I was in the

ER all night and was exhausted. I didn't think it was safe to drive. This gentleman was nice enough to let me sleep here. But I can go now." She walks across the room toward the door. When she walks behind the doctor, she mouths, "See you later!"

The doctor tells me what is wrong with me. Just some contusions and a bit of fluid in my lungs. Other than that, he says I'm a strong, healthy young man that had too much to drink and forgot to designate a driver. I have to stay for at least two more days so they can keep an eye on me. He leaves. I then notice a phone number written on the napkin on the table next to the bed. I find my cell

Young, creamy skin, large brown eyes, a perfect body hidden under those scrubs, and a smile that will melt your heart.

phone and call the number. She answers the phone, "I was just sitting in the nurse's lounge until the doc went away. I'll be there when coast is clear. Bye." A few minutes later I hear the door open again. Ramona slips into my room and quietly closes the door. She sits on the couch and says, "I can visit patients if I want. Doctors all think they run things." She smiles. I haven't really given her a good looking over, but she's beautiful. Young, creamy skin, large brown eyes, a perfect body hidden under those scrubs, and a smile that will melt your heart.

I make a half-hearted attempt to sit up in the bed, but a huge pain shoots through my legs. Nurse Ramona gently feels the area and says, "It seems to be healing better than most injuries like this do in one night. My treatments are working, but you can really hurt yourself if you move too much, so I'm sorry, we can't do anything for a while." I put on a sad face and she gently bites my lower lip, then kisses it. She lays next to me gently, saying, "I really need to sleep, so good night. Please wake me up in a few hours before the doctor comes again."

I wake up first, but Ramona is still sleeping. I turn off the TV and wake her by kissing her repeatedly. She wakes up with a smile, and mumbles, "I wish I could wake up to that every morning." She sits up and looks at me, thinking. She says, "OK, we can date, but on one condition." I nod and she says, "The sexual healing wasn't just a pick up line. I really do think it works. So as long as you can live with me healing others like this, then we can date. I kiss, make out, screw, but nothing after they leave the hospital."

I reluctantly agree. "I can't ask you to stop doing what you do. But do try to keep it to just healing and not for fun." She nods and kisses me, then leaves to start her shift. I spend most of evening recuperating, watching TV and eating dinner. I fall asleep around nine and wake up to Ramona laying next to me again. She says, "I'm going to start that healing process I told you about, but you can not tense up at all. Just relax and let it come." I nod and she licks her lips and kisses me. She gets up from the bed and goes over to the sink. She prepares for a sponge bath and returns to the bed with the soapy pan and washcloth. She pulls down the bed sheet, then my boxers. She wrings the cloth and begins to rub it around my crotch area. She gently cleans the area being sure to get down between my legs and balls, working the washcloth back between my buttcheeks.

I stiffen at her touch and that seems to make her job of washing my cock a bit easier. She finishes by rinsing me with cool, clean water and takes the pan back to the sink. Returning to the bed, she sits on the edge and then begins to rub my dick to get me harder. First with one hand doing long tight strokes and then add-

ing the second to make it firmer. She slips the second hand down to my balls and begins fondling them. I try not to moan too loudly. Then she lowers her head down and starts to lick the head of my cock. Her tongue works its magic up and down my shaft. She is sure to make eye contact with me, smilling at me as her head bobs up and down on my cock. I watch as her tongue swirls around the shaft and her hands continue stimulating my balls.

Her mouth replaces her hands on my balls and she sucks one into her mouth. I feel her tongue address it gently and then she slurps the other into her mouth. She repositions herself between my legs with both balls in her mouth and her hands stroking my cock up and down as she fixes her gaze on me. I try to keep it together so as not to pop any stitches, or my load this quickly. She takes my cock back into her mouth. Starting at the top with a tight pucker, she lowers her head all the way down my cock, taking the last inch in slowly working her tongue out of her mouth to accommodate it all. I'm amazed at her deep throating skills and I'm getting closer and closer to cumming.

She stays down there another ten minutes giving me the longest and absolutely best blow job I ever had. I moan out that I'm ready to cum and she slows the pace, subtly telling me that I should cum in a relaxed orgasm. Half a dozen jerks later I empty my load deep into her mouth and she holds her mouth over my cock, swallowing every drop of it. Ramona then sips from her water bottle to wash it down with water. "You taste great, but I have to get some sleep now, so when I return tonight from my shift, it's my turn so you're going to do me." I can't wait.

Am I just YOUR type???

I like all kinds of men, but the bigger and more buffed they are, the better chance they'll have to fuck me. I take my body seriously and I take sex seriously, so if you're not that type, I may not be the fuck buddy for you. But then if you treat me right, my legs may just open up for you.

KENNEDY LEIGH Sometimes nature plays tricks on us, but Kennedy is not one of them. She is a true nature girl who loves to have fun, and then have even more fun. If you ever get a chance to party with her, go for it. You'll love it!

Us: Hi Kennedy. Did you enjoy your photo shoot? Were you turned on at all during it?

Kennedy: The shoot was exciting and yes, I was turned on by knowing hundreds of horny readers are going to be jerking off to my pictures.

Us: Besides modeling, do you do anything else in the adult entertainment business, like exotic dancing or movies.

Kennedy: I worked as a stripper and I did a couple of movies when I was not living in Los Angeles. At the moment, however, modeling is all I do.

Us: How would you describe yourself?

Kennedy: I think I'm sexy and sinful playful diva. I'm also an exhibitionist who loves being seen in the nude. I even entered some nude and wet T-shirt contests and even won a few.

Us: How do you feel when people are looking at you naked? Does it arouse you sexually?

Kennedy: I don't really know how to explain it. I feel a kind of a tingling sensation on my skin that makes me feel so alive. My clit throbs and my nipples get real hard. It's more than arousing, it's almost orgasmic!

KENNEDY

Us: Do you ever flash your boobs or pussy or your ass in public?

Kennedy: All the time. I don't wear underwear just for that reason.

Us: What do you think are your best assets, both physically and mentally?

Kennedy: Physically, I would have to say my boobs and my ass. Mentally, I am adventurous and outgoing, and I like going out.

Us: What is your sexual orientation?

Kennedy: I'm try-sexual. I will try anyone who turns me on.

Us: What type of men turn you on?

Kennedy: I love all types of men, but I get super wet for tall, well-built men that have sexy eyes and nice lips, and a pretty cock, of course.

Us: Do you have a type when it comes to females?

Kennedy: She has to look good and have nice boobs and a nice ass and naturally, she has to eat pussy.

Us: Are you into threesomes?

Kennedy: I'm into threesomes and more - some. The more the merrier!

Us: Can you describe your sexual personality.

Kennedy: I'm a wild and freaky female. I am a true sensualist who thinks that sex and fun should be woven together for everyone.

Us: Do you enjoy oral sex better with a woman or a man... and giving or receiving?

Kennedy: I know it's said that women lick pussy better than men, because women know how and where they like to be licked, but I don't agree.

KENNEDY

I enjoy receiving oral from anyone who wants to eat my pussy. I would rather give oral to a man, however, because I love to feel a thick, juicy cock growing in my mouth.

Us: How about teasing our readers by describing how you give a blow job?

Kennedy: When I give head, I like to keep it wet by swirling my tongue around the shaft while sucking in an up and down motion. I go all the way down, until I'm kissing his balls. And I'll toss his salad, unless he's jumpy about having his ass touched.

Us: I take it you enjoy having your ass licked.

Kennedy: Just bend me over and lick away!

Us: What is your favorite fuck position?

Kennedy: Any position that gives me control. My favorite is riding the guy cowgirl style. My pussy is naturally tight and when I tighten up those muscles, the guy is going to feel it right down to his toes. Plus I like to see his face under me as I am controlling the pace and the action.

ONE ON ONE

HOT PINK &

Time to GET ON With IT!

All women have sexual fantasies and they are often about anonymous men they don't know. Like the one I'm having of my boss right now. Even though we haven't fucked him yet, I'm feeling you looking at me and that's making me even hotter and my pussy's getting moist. I'm imagining sucking your hard cock, then guiding it into my waiting pussy. I hope you don't mind if I fuck him first? Can you feel me?
